Ladies and Gentlemen,

I am very pleased to genuinely congratulate The Abrahamic Business Circle for promoting economic diplomacy through business. Your newly founded organization serves as a valuable reference for exploring new business opportunities and relationships which now play a crucial role in expanding the network.

You are doing a fine job by building bridges and, therefore, contributing significantly to our objective of creating a unique, vibrant and well-connected business community. The global members of the organization including the Jewish and Arabs business communities have a shared vision of tolerance, prosperity and economic peace that match perfectly well with the UAE's cosmopolitan and multicultural environment.

I wish all the best to Dr. Nagel, founder and Chairman, as well as the Advisory Executive Board and all the Circle's members for delivering a great service to the UAE's business community. Please keep on working optimally in your own unique way.

Kindest regards,

HH Sheikh Juma Bin Maktoum Juma Al Maktoum

## A Message from the Chairman

“Finally, the time is right to grow together what belongs together”

Our big dream is to create common market of the Middle East, with more than 400 million people living in it. I have always admired the policy of the UAE in terms of how open-minded they have been. The global members of the organization have all shared a vision of tolerance, prosperity and economic peace that align perfectly well with the UAE’s cosmopolitan and multicultural environment.

At The Abrahamic Business Circle, we see economic diplomacy as a tool to create long-term relationships between populations of the different countries and religions, we want to create a space where entrepreneurs and scientists from all over the globe can work together collaboratively. We want to create a technology campus here in Dubai, where people can live and work together.
